

Beds

The following items will be needed for moving your bed:

- Tape or rope.
- Sheets or mattress cover
- Plastic bags or small plastic container.
- Large padding or old blankets.

Packing Instructions

- Disassemble the bed frames, headboard and footboard if included, and mark the pieces so you know where they go together. Tie or tape rails together.
- Put all screws, bolts, etc. in a plastic bag or small container and tape to rail.
- Tie or tape large pads or old blankets around headboard or footboards, if you have them.
- Put mattress and box spring in plastic mattress cover or leave sheets on them for protection.
